That's... There's... because...
I think you're amazing.
To do such stressful work...
It's really nothing..
shing
Once you get used to it, it's fine...
But you look like you've been busy the whole day! No time to take a break at all...
The whole day?
When did you come
Ah!!
You can see my school from here!
Isn't your hospital ahead of schedule? You're off with a holiday so high?
